Chocolate Fountain, Stainless, Commercial, 3 Tier, 27 in., 230v 50/60hz

Set up takes only minutes and operation could not be easier. The heavy duty fountain tempers chocolate at an ideal temperature (approx 105-110°F). Our precision stainless steel auger recirculates the warm chocolate up through the fountain and back down over the stainless steel tiers.

The upper tier unit and auger disassemble for easy cleaning. Remove the top cap, stainless steel auger, outer tube and tiers and place in dishwasher for cleaning and sterilization.

Available in 110/120 (U.S.) and all international voltages.

Measures: 11x11x27 in.

Specifications:

Motor: 1.0 hp, 230 volt-50/60hz, .46 amp, 1450 rpm, 41 in. per lb. torque.

A popular feature for holiday events, banquets and wedding parties. Every bride desires the romantic experience a chocolate fountain brings to their reception party. Buffet restaurants are discovering what caterers, party planners and banquet managers have known for years, The American Chocolate Fountain is a proven traffic builder for desert bars.

Family buffet restaurants featuring our chocolate fountain experience the excitement and viral social marketing that drives new business through their doors.
