

Model:
GF-25S

Underbar Refrigeration: GLASS FROSTERS

GF-25S

- The most complete line of glass frosters available with the right size to fit your application
- Shallow well design is “user-friendly” with access to the interior base within easy reach.
- Flexibility in design provides for plate storage and chilling by removing adjustable shelving.
- Standard, cabinet exterior construction includes attractive, wear resistant vinyl on steel in black finish.
- Oversized, factory balanced, refrigeration system holds 0°F (-17.7°C)
- Forced-air cooling. Positively guided airflow cools bottles on top first. Interior-long lasting, heavy duty galvanized steel. NSF-7 approved
- Equipped with stainless steel top, easy glide lids and counter top with edge.
- Large storage capacity to meet the supply and demand requirements during peak hours.
- Automatic defrost system time-initiated, time-terminated.
- Condensing unit accessed from behind front grill, slides out for easy maintenance
- Split shelf design allows for effective rotation of chilled smallware
