Super Deluxe Series

Exceptional Quality 2 Years Parts and Labor Warranty

FEATURES / BENEFITS

- EFFICIENT REFRIGERATION SYSTEM**
 Turbo Air's solid door refrigerators are designed with oversized and balanced (CFC Free R-134A) refrigeration systems. These include efficient evaporators and condensers for faster cooling and greater efficiency.
- STAINLESS STEEL CABINET CONSTRUCTION**
 The Turbo Air Super Deluxe model boasts a stainless steel interior and exterior (except the back). It guarantees the utmost in cleanliness and long product life. The Super Deluxe can add a touch of style to the most refined setting.
- HIGH-DENSITY POLYURETHANE INSULATION**
 The entire cabinet structure and solid doors are formed-in-place using high density, CFC free polyurethane insulation.
- STURDY, CLEAN STAINLESS SHELVING**
 Shelves are the most important part of cleanliness as they come in direct contact with food. After a while, PVC coated wire shelves may peel, rust and lead to unsanitary conditions. Only the Turbo Air Super Deluxe series uniquely provides stainless shelving.
- ERGONOMICALLY DESIGNED DOORS**
 Customers' fatigue fades away with easy grip handles and doors that open effortlessly. These features along with self-closing doors make this the ultimate choice in customer convenience. ABS sheet door liners resist water condensation with thermal efficiency.
- MAGNETIC DOOR GASKETS**
 Magnetic door gaskets are of one piece construction, removable without tools for ease of cleaning and replacement.
- HOT GAS CONDENSATE SYSTEM**
 Through Turbo Air's creative innovation, the condensate system surfaces have been specially treated to resist corrosion. This not only increases efficiency without the risk refrigerant leakage from corrosion, but also prevents the overflow of condensate water.
- REFRIGERATOR HOLDS 33°F ~ 38°F FOR THE BEST IN FOOD PRESERVATION**
