Shipping Times

We know you want your products delivered in perfect condition as fast as possible, our partner distribution system allows us to ship from dozens of warehouses. We will strategically ship from the warehouse closest to you. Our shippers are amongst the leaders in the industry and all shipments are fully insured.

Largest Inventory

Our site currently hosts over 50,000 products for you to choose from, and we are adding new products every day. We are the solution for restaurant equipment and supplies. If we don't have it on our site give us a call, we guarantee no product or part is out of our reach.

Best Content

Every description for every product on EliteRestaurantEquipment.com is written by us. With us there will never be any surprises, what you see is what you get. We are constantly adding details and pictures to every product on our site. We learn from you, if there is a piece of information that you cannot find contact us and a specialist will be sure to help you. We know you are busy, so we make it easy for you by answering any question you may have about a product before you even ask.

Customer Service

We are here for you. EliteRestaurantEquipment.com provides smart, educated food service specialists available by phone, email, or live chat. Many suppliers do not offer live phone support, although a value here at EliteRestaurantEquipment.com is "treat customers how we would want to be treated as customers" and we believe having a food service representative available by phone is the least we can do to show our thanks for your business.

Mission Statement:

We want to exceed your expectations by doing everything to make our customers happy. We believe transparency and communication is important. We stay connected and are always available. Building relationships and trust takes precedence. We work with high morale, and values with deep roots. Doing the right thing and being better tomorrow than we are today is the goal.

Values:

Our commitment is unparalleled in the industry; your relationship is everything to us. We want to earn your trust so we take a proactive approach. We don't wait for later, we do it now. Integrity is a core value, we're honest and have strong moral principles. Our approach is simple and undivided, every matter is handled equally. We're in it together; we see our shoppers as partners and a community. We're transparent; we think and communicate openly and take accountability.

Pizza Dough Retarder Tables

Dough Retarder. A dough retarder or pizza prep table is the perfect tool for any restaurant business working with dough. Dough Retarders come with or without marble tops. Marble tops are great for dough. Stainless steel top dough retarders and pizza prep tables will certainly get the job done. Dough retarders generally have a deeper prep area. Pizza prep tables generally have a refrigerated rail. When choosing a model consider: drawers, doors, combination of the two, size and certification. This will help you know which pizza prep table is best for you. Dough retarders fit food pans to store ingredients. Casters are good for easy cleaning, and mobility. Custom designs and sizes are available upon request.

* All models available with plastic cutting board

This Universal JUSTYNA79SC - 79" Island Freezer is a wonderful addition to your supermarket or similar establishment. This particular freezer measures 79" from left to right. Furthermore, this freezer is categorized as an "island" unit, meaning that it is meant to stand freely in the middle of your establishment and display the products it holds. Since this is a freezer rather than a fridge, it is ideal for ice creams and other frozen food products.

This Stainless Steel Storage Cabinet comes with the option of sliding/swinging doors, or no doors. This storage cabinet is ideal for dishes, glasses, detergents and anything else you might wish to put in there. This item can be used as a work top table because of its 36" height. It saves space in any kitchen and cleans easy because of the stainless steel. Comes with 1 shelf for 2 levels of storage.

Wall Mount Shelves

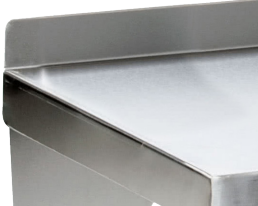

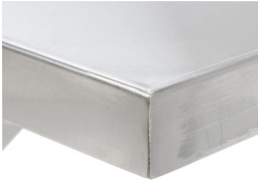

UNIVERSAL MFG

Use the stainless steel solid wall shelf to warehouse kitchen supplies and more. Made from solid stainless steel, attaching to the wall with 2 removable brackets. The brackets provide support that increases storage capabilities. The wall shelf is strong, sturdy, tough, and adds wall storage. The 18 gauge solid wall shelf is easy to clean and is corrosion resistant.

Elite Restaurant Equipment

History

Our roots grow deep with food service knowledge. We are proud 3rd generation food service equipment specialists with over 30 years of experience. Our forefathers began in the early 1980's with GZG Coolers, which was a food service equipment manufacturer. Products such as tables, cabinets, and shelves were amongst the first to be manufactured. The food service industry evolution in New York City was the foundation of GZG Coolers growth, and as they grew so did their product line. GZG Coolers quickly adapted to customer needs, and by 1985 was successfully manufacturing and distributing hundreds of products such as: refrigerators, steam tables, and custom fabrication. GZG Coolers, later acquired World Refrigeration and now does business as Universal Coolers Inc.

eliterestuarantequipment.com

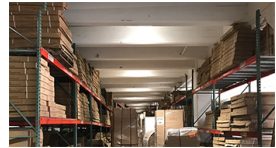

In the late 1990's E-Commerce began to revolutionize the way we shop online. At the forefront was eBay. A short distance from the millennium Marcel Bluvstein, grandson of GZG Coolers founder Gregory Bluvstein listed Universal Coolers products on eBay. Elite Restaurant Equipment Inc. was born and debuted on eBay amongst the first Restaurant Equipment suppliers online. Quickly orders were coming in, and long lasting business relationships were being made. With sales continuing to grow Elite Restaurant Equipment Inc. plans the launch of their first website.

Current Day

eliterestaurantequipment.com is amongst the leaders for restaurant equipment and supplies on the web. We have succeeded in creating and marketing an original and easy to use website to meet purchasing needs of food service professionals throughout the United States and Canada. Developers, programmers, sales agents, customer service representatives, purchasers, and warehouse manager's work together to ensure we provide the best industry service and knowledge for our customers. eliterestaurantequipment.com is a company that believes in creating a better experience. We want you to contact us for any industry knowledge, whether you are purchasing or not. Think of us as your restaurant equipment encyclopedia, we are here for you.

Mission Statement:

We want to exceed your expectations by doing everything to make our customers happy. We believe transparency and communication is important. We stay connected and are always available. Building relationships and trust takes precedence. We work with high morale, and values with deep roots. Doing the right thing and being better tomorrow than we are today is the goal.

Values:

Our commitment is unparalleled in the industry; your relationship is everything to us. We want to earn your trust so we take a proactive approach. We don't wait for later, we do it now. Integrity is a core value, we're honest and have strong moral principles. Our approach is simple and undivided, every matter is handled equally. Were in it together; we see our shoppers as partners and a community. We're transparent; we think and communicate openly and take accountability.
